

1000 & 1 Patron Saints and their Feast Days

By Unknown

Australian Catholic Truth Society No.1433 (1964)

In the liturgical sense, a patron is a saint who, because of ancient tradition or formal designation by the Church, is venerated in a particular manner by the people of a place as a special protector and intercessor before God. The theological foundations of such patronage are the dogmas of the Communion of Saints and the Mystical Body of Christ. The Church has made official designation of some of the patrons listed below; in such cases the dates of designation are given in parentheses. Popular veneration or reverence has bestowed the title on others.
